

§ 160A-559. Moneys of the authority.

All moneys of the authority shall be paid to the treasurer of the city as agent of the authority, who shall designate depositories and who shall not commingle such moneys with any other moneys. Such moneys shall be deposited in a separate bank account or accounts. The moneys in such accounts shall be paid out on checks of the treasurer on written requisition of the chairman of the authority or of such other person or persons as the authority may authorize to make such requisitions. All deposits of such moneys shall be secured in the manner provided by law for securing deposits of moneys of the city. The city accountant of the city and his legally authorized representatives are authorized and empowered from time to time to examine the accounts and books of the authority, including its receipts, disbursements, contracts, leases, sinking funds, investments and any other records and papers relating to its financial standing. The authority shall cause an annual audit of its accounts to be made by a certified public accountant or firm of certified public accountants, and shall cause a copy of the report of each such audit to be filed with the city clerk, who shall present the same to the city council. The authority shall have power, notwithstanding the provisions of this section to contract with the holders of any of its bonds as to the custody, collection, securing, investment and payment of any moneys of the authority or any moneys held in trust or otherwise for the payment of bonds or in any way to secure bonds, and to carry out any such contract notwithstanding that such contract may be inconsistent with the previous provisions of this section. Moneys held in trust or otherwise for the payment of bonds or in any way to secure bonds and deposits of such moneys may be secured in the same manner as moneys of the authority, and all banks and trust companies are authorized to give such security for such deposits.
